

**FINANCIAL IMPACT OF THE INITIATIVE PETITION TO AMEND THE  
NEVADA CONSTITUTION – IDENTIFIER: C-05-2025**

**FINANCIAL IMPACT – CANNOT BE DETERMINED**

**OVERVIEW**

The Statewide Constitutional Initiative Petition – Identifier: C-05-2025 (Initiative) proposes to amend Article 1 of the *Nevada Constitution* by adding a new section establishing a fundamental right for individuals with life-altering diseases or conditions to access medical innovations, including experimental treatments and participation in medical research studies, and prohibiting the State from imposing regulatory barriers on such access beyond existing federal and state requirements.

**FINANCIAL IMPACT OF THE INITIATIVE**

Pursuant to Article 19, Section 2 of the *Nevada Constitution*, an initiative proposing to amend the *Nevada Constitution* must be approved by the voters at two successive general elections in order to become a part of the *Constitution*. If this Initiative is approved by voters at the November 2026 and November 2028 General Elections, the provisions of the Initiative would become effective on the fourth Tuesday of November 2028 (November 28, 2028), when the votes are canvassed by the Supreme Court pursuant to NRS 293.395.

Passage of the Initiative may require the Legislature to enact legislation during the 2029 Legislative Session to implement its provisions, if it is determined that existing laws do not comply with the requirements included within the Initiative. However, because it is unknown what laws, if any, may not be in compliance with the provisions of the Initiative, nor is it known how the Legislature may revise existing laws if they are determined to not comply with these provisions, the financial effect upon the State or local governments cannot be determined with any reasonable degree of certainty.
